

Utah's Transportation Future

Finding innovative and efficient solutions

The Challenge

UDOT Four Strategic Goals

Take care of what we have

Make the system work better

Improve safety

Increase capacity

Innovative Solutions

Maintaining Utah's mobility
through tactical strategies

Mountain View Corridor

Right sized project | Right time

Diverging Diamond Interchange

(DDI) Pioneer Crossing Animation

S.R. 92

Utah's first commuter lanes

Continuous Flow Intersection

Increasing traffic flow

Flex Lanes

Improve traffic flow

Thru Turn @ 123rd

Safer, more efficient

Accelerated Bridge Construction

Getting out of the Way

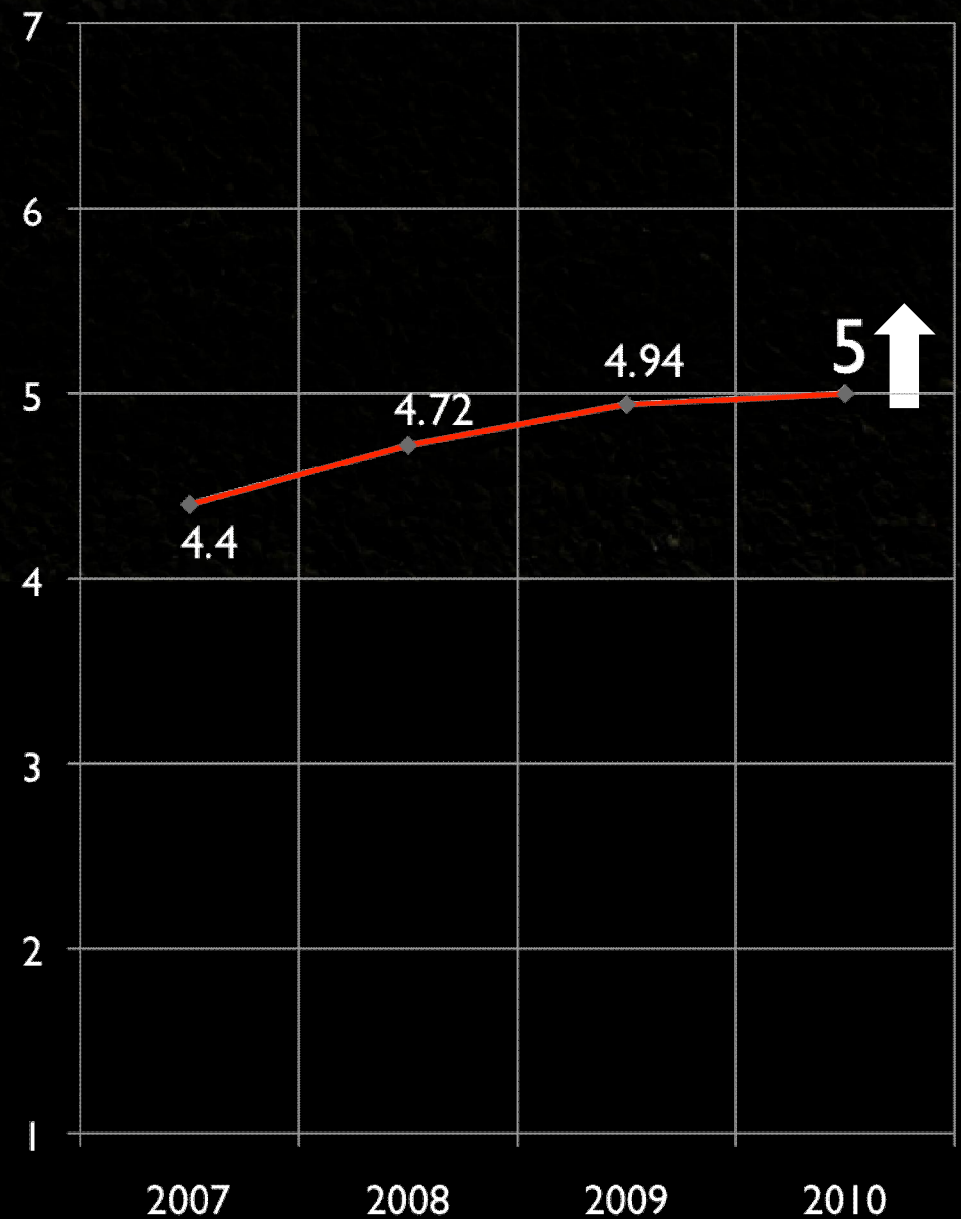

~ Innovative and accelerated processes and projects~

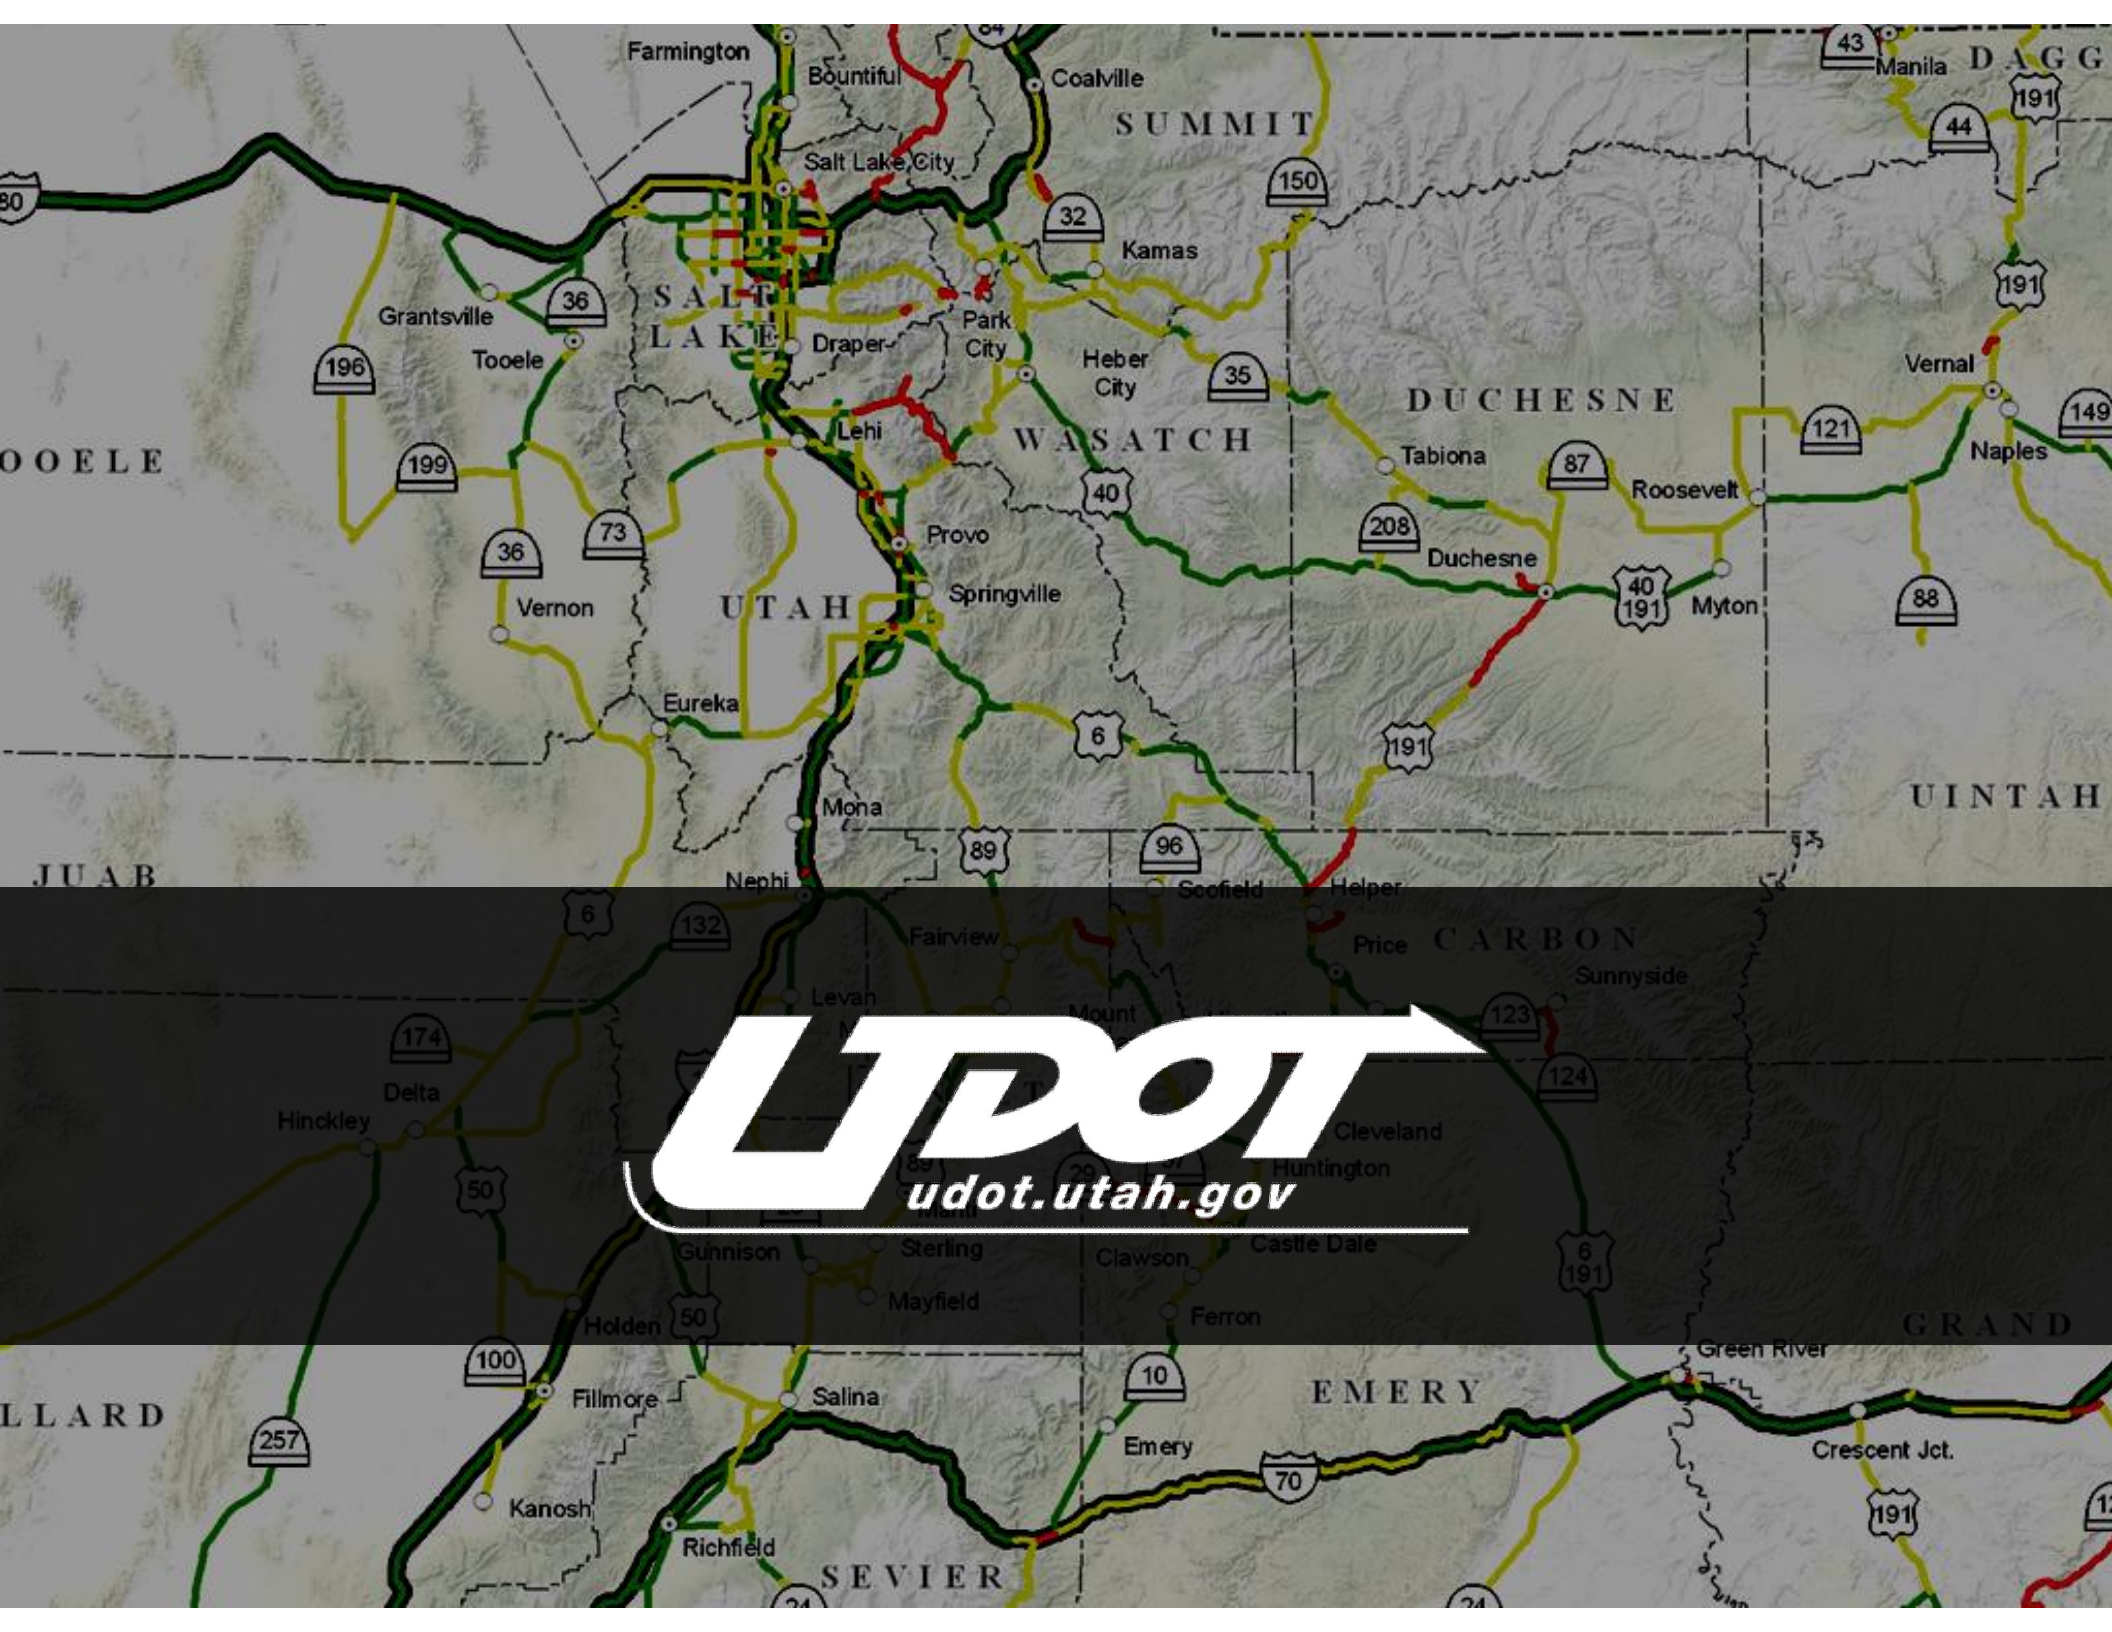

- Improve public trust
- Leads to improved trust by elected leaders
- Leads to greater currency

Innovation

How would you rate UDOT's ability to be innovative in the way it approaches the state's transportation problems?
